The core values of the Chamber are easy to define: We strive to be growth oriented, authentic, servant leaders, committed, bold, empower all and have fun.

We do this through our mission of enabling the success of our business community through advocacy, education and connection.

It is through our particular ability to create connections between parties with common goals, and a need for one another, that the Chamber helps a sponsor shine. We, as a Chamber, add value to our members (and sponsors) by being the best source of information and contacts available. Revenue from our sponsorships and programs enable us to: 1) bring affordable educational programming; 2) continue to expand our advocacy initiatives on behalf of the Boerne Business Community; and 3) invest in Boerne entrepreneurship.

What does this mean for you as a potential sponsor? It means the Chamber is the best point of access to your target audience, it is in line with your standards as a business, and is an investment value that no other organization can offer. (Note: sponsorship opportunities are subject to availability and may be amended.)

For more information about any of our sponsorship opportunities, please contact Barbara Hooks, Director of Programs and Events, at 830-249-8000 x 103 | barbara@boerne.org
